PINKHAM OPPOSITION IS BEATEN

THAYER TO TAKE THE CHAIR

Acting-governor Mott-Smith Cables For and Gets Vacation Leave

HIS HEALTH DEMANDS RESPIRE FROM WORK

Will Sail on Saturday for California—Attorney-general's Department Affected

Attorney-general W. W. Thayer will be "Governor Thayer" after next Saturday and for a period of uncertain length.

Acting Governor and Secretary of the Territory E. A. Mott-Smith will sail on the Siberia next Saturday for San Francisco on a vacation trip that will extend at least until December 3 and possibly longer.

Following a lively exchange of cablegrams between Honolulu and Washington, D. C., authorization was received this morning by Mr. Mott-Smith for his vacation trip. Nearing a physical breakdown as a result of his long-continued public service and particularly the events of his last two years in office, brought to a climax since Governor Frear went to the

W. W. THAYER
Hawaii's chief executive after next Saturday

mainland, the secretary cabled to Secretary of the Interior Lane last Friday urgently requesting a brief respite from official duties. Since then cablegrams have been flying back and forth and today came the permission.

The series of cablegrams is as follows:

October 17.—Secretary Mott-Smith to the secretary of the interior:

Request permission to leave territory October 25, return December 3. Territorial affairs will not suffer more than now. I cannot further impair my health. Both Frear and myself absent short time; no harm.

October 17.—Dr. George Herbert to secretary of the interior:

As Mott-Smith's physician imperative he stop work and leave territory October 25 for change.

October 17.—Mott-Smith to Governor Frear:

See my today's cables secretary interior.

October 21.—Frear to Mott-Smith:

Secretary decides you may go. Understanding that Thayer will act for governor. Secretary will cable permission. Senate committee meets today, concerning Pinkham.

Mr. Mott-Smith received the final cablegram this morning with a smile that betokened it was good news for him.

"I have felt the strain of the last few weeks severely, and I intend to take a real vacation now," he said. "I won't do a bit of business while away."

Will Spend Vacation in California. He plans to spend the vacation in a California auto trip, joining Mrs. Mott-Smith on the coast, where she preceded him some weeks ago. His plans, however, are indefinite, and he

Senate Committee Reports on Nomination Favorably Williams Loses; He Will Carry His Fight to Floor

Wilson's Nominee For Governor Wins Big Point and Confirmation is Practically Certain—President Desires Early Action

(Special Star-Bulletin Cable)

WASHINGTON, D. C., Oct. 21.—The senate committee on Pacific Islands and Porto Rico held a meeting this morning and ordered a favorable report made to the senate on the nomination of L. E. Pinkham for governor of Hawaii. A quorum of the committee was present.

Senator John Sharp Williams of Mississippi was heard in opposition to Pinkham's confirmation, and after the committee decided to make a favorable report on the nomination, Senator Williams announced that he would carry the fight against Wilson's nominee to the floor of the senate.

The confirmation of Mr. Pinkham is now considered certain. President Wilson is insisting on early action.

C. S. ALBERT.

(Associated Press Cable)

WASHINGTON, D. C., Oct. 21.—L. E. Pinkham's nomination was favorably reported on this morning.

WOOD TO VISIT MAINLAND FOR FAIR COMMISSION

With a view to conferring with the heads of the Panama-Pacific Exposition with regard to whether Hawaii will be allowed to exhibit exclusively in its own building, or else be forced to abandon entirely the plans for a structure, H. P. Wood, secretary of the Promotion Committee and chairman of the Hawaii Fair Commission, will leave for San Francisco in the Siberia Saturday, returning to Honolulu by the same steamer.

Accompanying Wood will be A. F. Taylor, the local newspaper man, who goes to San Francisco to assume charge of the recently installed branch of the local Promotion Committee.

"The Hawaii Fair Commission thinks that, in view of the fact that there is opposition on the part of the exposition officials to our plans to have all the Hawaii exhibits in one building, I should go to San Francisco as a representative of the commission with full power to act in any matter," said Wood this morning when discussing his proposed trip. "I have been authorized to state to the exposition heads that, if Hawaii is forced to divide her exhibits she will withdraw her building. I have no doubt but what the officials will accede to the wishes of the local commission. In case they do, I have been authorized to direct the architect to advertise for bids for the construction of the building."

During his stay on the mainland, Wood will go to Los Angeles as a delegate of the Honolulu Chamber of Commerce to participate in the exercises which are to be held in that city in celebration of the opening of the giant aqueduct which is to supply the city with water, light and power. He will also go to San Diego on business matters.

GERMAN CRUISER IS COMING HERE FROM THE ORIENT

The German cruiser Nurnberg, on her way from the Asiatic station and presumably ordered to Mexican waters because of the international troubles there threatening, will arrive in Honolulu on November 1, according to news received by cablegram today by H. Hackfeld & Company, and originating at Yokohama.

The Nurnberg has been stationed in the Orient since soon after going into commission. She is a vessel of 3,470 tons, 13,400 horsepower engines and capable of making 25 knots an hour. Her length is 116.8 meters. She carries 16 officers, 14 deck officers, 292 petty officers and men, a total of 322. The Nurnberg is armed with 10 four-inch guns and her armament also includes two torpedo tubes. She was built in 1906-8 at the Imperial yards, at Kiel. Her officers are Commander Moersberger, Lieutenant commander Düncker, Lieutenant commander Kind, 1st Lieutenants Keydell, Hammerle, Ehlers, Berendt, 2d Lieutenants Zeye, Schreiber, von Fischer, Ensigns Count von Spec, Franken, Chief Engineers Kleedehn and Bruhnsen; Paymaster Hang.

A reception for the Nurnberg and entertainment for her officers and men will probably be arranged within the next few days, but as the news was received only this morning, no plans have yet been made.

Mrs. Alvira C. Field, indicted for selling liquor without a license at Wahiawa, on a federal reservation, was arraigned today. She entered a plea of not guilty and her case was continued to the call of the next calendar in federal court, when it will be set for trial. She was released on \$250 bail.

HE WAS PICKED BY PRESIDENT WILSON—NUF SED

L. E. PINKHAM

Whose appointment as governor was favorably reported by the senate committee today

SMOKE BOMBS PUT END TO THE INITIAL WAR EXERCISES

LAURENCE REDINGTON,
Staff Correspondent with 1st Hawaiian Brigade.

IN MANUEVER CAMP NEAR JONES' PANCH HOUSE, Oct. 21, 12:30 p. m.—When three smoke bombs rose skyward this morning at 9 o'clock the Red and Blue armies ceased hostilities and a maneuver, highly interesting from a practical standpoint, but productive of very little real fighting, came to an end. From noon yesterday the invading and

defending forces had been in a state of war and at times through the night various points in the outpost lines were in contact but there was no extended engagement.

The Reds, numerically, were much weaker than the Blues, consisting for the most part of advance cavalry whose mission it was to harass the enemy on the front and flank. For that reason there was no concerted attack. Just before midnight a small

SUGAR INDUSTRY PERMANENT IN THE ISLANDS

Group of the men who have been active workers in the arrangements and action of the Mill Engineers' convention: From left to right, standing—S. T. Carr, secy., J. E. Kennedy, H. McCubbin, Irwin Spalding, treas., James Ogg, H. S. Truscott. Seated—W. G. Hall, J. E. Sheedy, chairman, E. Kopke and R. R. Hind. Those not otherwise identified are members of the mill engineers committee. Messrs. Hall and Kopke served as temporary chairmen of the meetings.

Hawaii's sugar industry will never prosper. Hawaii is now brought to face a grave problem, occurring by reason of the tariff reduction on sugar, but she will successfully solve it by greater efficiency and economy. This is the sentiment of the mill engineers, expressed this morning. They are now completing the last session of their first annual convention, which opened yesterday morning when more than seventy engineers, gathered in the session of the Library of Hawaii building. Before they convened this morning they were taken on a tour of inspection to the Inter-Island Steam Navigation Company's new ship, the

SENATORS PLAY HOOKEY CONGRESS CAN'T WORK

Leaders of Upper House Threaten To Use Force to Compel Attendance of Negligent Members—Resignation Alternative of Work

(Associated Press Cable)

WASHINGTON, D. C., Oct. 21.—The leaders of both parties are joining in an attempt to secure fuller attendance at congressional sessions. The attendance is so uncertain that often no quorums are obtainable and no business can be transacted. Party leaders demand that the senate absentees either resign or go to work. They even threaten the use of force to compel their attendance.

Sulzer's Election Conceded He May Deadlock Assembly

(Associated Press Cable)

ALBANY, N. Y., Oct. 21.—The candidacy of William Sulzer, deposed governor, for the assembly on the Progressive ticket for the 48th side district of New York is the chief topic of political conversation here. Even his worst enemies concede that he is so popular in this district that he will be elected. Many believe that he will either be able to gain the speakership or deadlock the legislature.

Japan Granted Big Railroad Concession By Chinese Gov't

(Associated Press Cable)

TOKIO, Japan, Oct. 21.—An important concession and one likely to give Japan a commanding position in the great expected trade developing in China, has been granted Japan by the new Chinese republic. The concession gives Japan the right to extend the existing southern Manchurian railroads into exceedingly rich agricultural districts.

First Blizzard of Season Hits Chicago; Traffic Blocked

(Associated Press Cable)

CHICAGO, Ill., Oct. 21.—The first blizzard of the season is on, a gale and freezing weather striking Chicago last night. Traffic is stopped by heavy snow-drifts. One person is dead and six injured as a result of the blizzard.

Zeppelin And Royalty at Dirigible Victims' Funeral

(Associated Press Cable)

BERLIN, Germany, Oct. 21.—Count Zeppelin, the kaiser and kaiserin, their sons and a thousand officers of the army and navy today attended the state funeral over the bodies of those who perished in the disaster last week to the Zeppelin dirigible L-11 on her trial trip.

Portola Festival to Begin

(Associated Press Cable)

SAN FRANCISCO, Cal., Oct. 21.—The Portola Festival begins tomorrow, with several days of gay festivities planned, including a big swimming meet in which the Hawaiian team is entered. Two lineal descendants of Vasco Nunez Balboa, the noted adventurer who discovered the Pacific Ocean in 1519, are present and will be featured in the carnival ceremonies.

Roosevelt Reaches Brazil

(Associated Press Cable)

RIO DE JANEIRO, Brazil, Oct. 21.—Col. Theodore Roosevelt arrived here today on his South American trip. He will deliver a course of university lectures. His arrival was the signal for unusual military honors.

\$50,000 TO BE EXPENDED ON FAIR BUILDING

Taking immediate action upon the receipt of a cablegram from Architect C. W. Dickey, which was to the effect that the Hawaii building at the Panama-Pacific Exposition cannot be erected for \$35,000 under the present completed plans, the Hawaii Fair Commission, meeting in special session at the Promotion Committee this morning, adopted a resolution where by not less than \$50,000 of the money now in its hands will be used in the construction of Hawaii's exhibit palace. The entire committee, which is composed of H. P. Wood, chairman; John Hughes, John Wise, J. N. S. Williams and C. E. Wright, was present.

Following the recent criticism which accused the commission of spending more money on the Hawaii building than was advisable, Chairman Wood wrote to C. W. Dickey, the architect who recently completed the plans, asking him if, under the present plans the building could not be erected for \$35,000 instead of \$50,000 as previously planned. The negative answer was received this morning by cable, and Commissioner Williams offered a resolution whereby the com

FOSTER AND ROSS LOSE IN SUPREME COURT IN DRAINAGE LITIGATION

H. H. Foster and Edward Ross have finally lost in their effort to check the work of the Honolulu Construction & Draying Company on the street and drainage improvement work in the Punchbowl district, the supreme court handing down a decision this afternoon affirming the decision of the lower court in this case.

The two contractors sought an injunction restraining the construction company and their petition was denied in the circuit court. That decree is now affirmed.

JAPANESE WILL CELEBRATE THE 1ST ANNIVERSARY

In celebration of the first anniversary of the inauguration of Emperor Yoshihito of Japan, Hisakichi Itake, consul general for the Japanese in Honolulu, will be the host at a reception and dance to be held at the Young Hotel on the evening of October 21, beginning at 8 o'clock. Invitations are to be issued to all prominent residents of the city, and it is said that the majority of the guests will be Americans. Queen Liliuokalani will be among those present. During the afternoon and evening the Japanese of Honolulu will engage in celebration at the consul's residence, Nuuanu street.

Prince William Frederick of Wied, after a long interview with the
